If yes, please explain: _____

Does your pet have an aggression towards food and/or toys?

If yes, please explain: _____

Have you noticed any coughing, sneezing, vomiting or diarrhea?

If yes, please explain: _____

Will you need anything upon your pet's departure? (Heartworm Prevention, Flea/Tick Prevention, Food, etc.)

Fleas can be a problem year round. It is impossible to do a quick exam and discover all evidence of fleas upon your pet's entry; therefore, we want to try to protect all pets that stay in our resort. In order to do so, we require a flea treatment upon your pet's boarding entry. There are two options: Capstar and Nexgard (canine only). Capstar is an oral flea preventive that has an efficacy period of 24 hours. Nexgard is an oral flea and tick preventive that has an efficacy period of 30 days. The fee for the Capstar treatment is \$10.00 and the fee for the Nexgard treatment is \$20.00. Cats must get Capstar, and dogs must get either Capstar or Nexgard (or you may purchase another flea preventive). If your pet is on a routine monthly preventive for fleas, you can choose to waive the flea treatment, as long as no fleas are found on your pet at any time during your pet's stay.

Which flea treatment do you want for your pet?

If you are declining the flea treatment, what preventative is your pet on? _____

What date did you last give the preventative on? _____

Would you like for us to e-mail you a treatment plan that details the services and associated costs for your pet's stay?

Thank you for taking the time to pre-register! To allow us to be prepared for your arrival, what time do you plan on arriving for your pet's check in?

When picking your pet up, we offer an expedited check-out service. At check-in, you can leave a credit card on file with us, and we will run your credit card at some point during your pet's stay (usually the day of or night prior to your pet's departure date). When you arrive for your pet, we will hand you your invoice, and your pet will already be ready to go.

Please check here if you would like to expedite your check-out.

(If you are choosing to expedite your check-out, please come to your pet's check-in prepared to leave your credit card information on file.)
